

LogSoftmaxCrossEntropyLoss
Kernel

```
graph LR; A[LogSoftmaxCrossEntropyLoss Kernel] --> B[ReLuKernel]; B --> B;
```

The diagram consists of two rectangular boxes. The left box is gray and contains the text 'LogSoftmaxCrossEntropyLoss' on the top line and 'Kernel' on the bottom line. A blue arrow points from the right side of this box to the left side of a white box on the right. The white box contains the text 'ReLuKernel'. A blue curved arrow starts from the top of the white box and points back to the top of the same box, forming a self-loop.

ReLuKernel
